

SP μ Level 80

Professional Package
for differential measurements at both axes

Components of the professional package for Differential Measurements at both axes

SP μ Level 80

4 x μ Level Spirit Level with Bluetooth (BT 840100/1)

The precise alignment of machines is an important part of the Quality Management process. Especially in the tool machinery market precision down to a μ m is required. The new μ Level system is an easy to handle yet very precise system for the measurements of straightness and parallelism.

You can use it as a stand alone instrument or in combination with software which guides you through the steps and then documents the results.

You can also use two μ levels at the same time. Where one of them serves as a continuous reference. You can also store the measurements in the unit and connect it to the software afterwards.

By using the integrated Bluetooth device you can connect the μ Level directly to a Android smartphone or to a Windows based PC.

D140 Distanzmessgerät mit Bluetooth und internem Akku (BG 832200)

Das D140 Distanz-Messgerät misst den Abstand zwischen Laserquelle und Laserempfänger (Referenz) mittels Laser. Die Ausrichtung kann horizontal und vertikal erfolgen.

Die Kommunikation mit der ProLine®-Software erfolgt mittels Bluetooth. In Verbindung mit den ProLine-Systemen werden die Distanzdaten jederzeit sofort über Bluetooth übertragen. So können automatische Messabläufe generiert und die Möglichkeit von Fehlmessungen minimiert werden.

DU 425 Rugged UMPC with Touchscreen (IT 200425)

Rugged UMPC for industrial on-site.
The UMPC offers protectors, shockproof design, holder for hand/arm.

- Shockproof
- Water resistant

Software for remote indication on Android-System (SW 200190)

The software connects two μ Level systems at the same time.
You can "zero" the data or show them a differential value.

Furthermore you can save and export your measured data in csv format to use them e.g. in a spreadsheet software.

ProLine v5 Software Starter License (SW 200106)

ProLine v5 – Alignment software for linear guides

- Easy measurement and professional analysis
- Automatic evaluation and graphics during the measurement
- Automatically connection management, wireless via Bluetooth
- Measurement of Pitch and Roll simultaneously
- Differential measurements are possible
- Automatically detection of the distance by Bluetooth Disto™
- Manually or fully automatically measurement
- Zeroing of two points or best-fit analysis
- Adjustment with live values
- Data view with all values and calculations
- One click report containing all graphics and data in pdf format
- Easy to use touchscreen software

µLevel 80 Case with foam inlay (BG 990125)

The rugged case contains the following:

- | | |
|--------------------------|--|
| 4 x BT 840100/1 | µLevel unit with bluetooth |
| 1 x BG 832200 | D140 laser distance meter |
| 1 x IT 200425 | DU425 display unit |
| 1 x SW 200190 | Display software for µLevel on a Android basis |
| 1 x SW 200106 | ProLine v5 software – first license |
| 1 x SW 200107 | ProLine v5 software – second license |
| 1 x DBPA SP USB-MICRO II | USB Stick Micro Twist |
| 4 x BT 990015 | Box for 4 AA Rechargeable Batteries |
| 16 x BT 908013 | Rechargeable Battery LR6 / Mignon / AA / 1.5 V |
| 1 x BT 800071 | Akku-Li-Ion |
| 1 x BG 831680 | Charger for 2 Li-Ion Batteries BT 800071 |
